MORNING, VOL. XXXII, FEBRUARY 17, 1920.

DOCTORS SUMMONED TO WILSON

Hoover Republican Club Organized Here

MAKE WAR-FOOD CHIEF
G.O.P. STANDARD BEARER.

Leading Party Men of Southland Start
Move to Send Delegation Pledged
to Nominate Him for President.

With 200 leading Republicans of Southern California already
and more members being added hourly, the Hoover
Republican Club of Southern California will today formally open
at 314-315 Exchange Building, 321 West Third
The club stands pledged in its preamble adopted to "work
for the nomination of Herbert Hoover, and to that
end the support and co-operation of all Republicans."

Its platform
The resolutions in full adopted as a preamble and declara-
tion by the club at its organization meeting:

"Believing that Herbert Hoover is
the overwhelming choice of the Re-
publicans of California for Presi-
dent, the Hoover Republican Club of
Southern California is organized for
the purpose of assisting in the elec-
tion of a delegation to the Republi-
can National Convention, pledged
to do all in its power to further the
nomination of California's favorite
son—and one of America's most dis-
tinguished citizens—as the Republi-
can party's standard-bearer in the
approaching Presidential campaign.

"Herbert Hoover possesses in an
extraordinary degree, the qualifica-
tions the Presidency will require
during the years of reconstruction
upon which our country is entering.
Under circumstances of extreme dif-
ficulty and in a hostile environment
he has proved himself to be an ad-
ministrator of the finest courage
and integrity and wonderful business
efficiency.

"Hoover would bring to the dis-
cussion of the duties of the Presi-
dency of the United States, during
the critical period of the nation's ad-
ministration, an economic wisdom, com-
structive power, administrative gen-
ius and executive strength, built of
training and experience, second to
no other American.

"Mr. Hoover has more familiarity
with and understanding of the needs
and problems of the Great West and
the Pacific Coast than other candi-
dates. He is known in his ac-
quaintance and his grasp. He is at
once an eastern man and a western
man in his statesmanlike compre-
hension.

"In the belief that Herbert Hoover
is exceptionally well qualified to
give the country the service of which
it will stand in utmost need during
the next four years, the Hoover Re-
publican Club of Southern California
will work for the election of a
delegation to the Republican Nation-
al Convention, pledged to his nomi-
nation and to that end invites the
support and co-operation of all Re-
publicans."

The organization meeting at the
Athletic Club was called to order
by William M. Garland. He said
that as a number of Republicans
had stated that they believe that
the Republicans of Southern Califor-
nia should work for the nomina-
tion of Herbert Hoover by the
Republican party, the meeting had
been called to discuss the advan-
tages of organizing a Hoover Re-
publican club. On motion of Philip
Stanton, former California Republi-
can National Committee member, it
was voted unanimously to proceed
with the organization of the club.
After the organization had been per-
fected, the meeting adjourned to
meet at club headquarters at 6
o'clock tomorrow evening.

Hint to Holland in
New Allied Note.

Netherlands to Make Offer to
Intern Wilhelm at Easily-
Guarded Doorn.

Germany Told Leipzig Trial of
War Criminals Compat-
ible with Treaty.

[BY CABLE AND ASSOCIATED PRESS.]
THE HAGUE, Feb. 16.—The latest
Allied note to Holland with regard
to extradition of the former German
Emperor reverses the original de-
mand for his surrender and asks
only his internment, with the sug-
gestion that the former monarch be
sent, perhaps, to one of the Dutch
islands in the East Indies, it became
known today.

The Associated Press learns on
excellent authority that the Dutch
government has already determined
to reply with an offer actually to
intern Wilhelm at Doorn. Holland
would accept the full responsibility of
preventing him from endangering
the peace of the world, establishing
a guard over him and a strict es-
tablishment.

Holland, it is pointed out in diplo-
matic quarters, is anxious to meet
any request of the Allies which is
compatible with her own dignity,
and does not conflict with the na-
tion's law and traditions of long
standing. More than anything else,
as far as can be learned, she de-
sires to bring to a close the issue
over the presence of the former Em-
peror, which has been a thorn in
her side since the Hohenzollerns
sought refuge here in 1918.

The offer of internment is not
willing to spend the rest of his life
in Doorn in the belief in official
circles, where it is believed also the
Allies will accept the proposal to
place upon Holland's shoulders the
responsibility for keeping him there.
They point to Doorn as being a par-
ticularly advantageous place to in-
tern him, as the village is not near
any large city and the house which
the ex-emperor has bought is not
placed as to be easily guarded, and
it is somewhat farther from the
German frontier than Amerongen,
where the former Emperor is now
living.

The note was delivered late last
night direct to the Dutch Premier
by the British Minister at The
Hague.

TRIAL AT LEIPZIG
[BY CABLE AND ASSOCIATED PRESS.]
LONDON, Feb. 16.—The Allied
reply to the German note of Janu-
ary 25, proposing as an alternative
to extradition that persons accus-
ed of the crimes of the war should
be tried at Leipzig, states that Germany's proposal for
such trial at Leipzig is compatible
with Article CCXXVIII of the peace
treaty. The Allies, the note says,
will abstain from intervention in
the procedure of that court.

After stating that the Allies have
carefully considered the German
note of January 25 the reply says:
"The powers observe, in the first
place, that Germany declares her-
self unable to carry out the obli-
gations imposed on her by Articles
CCXXVIII to CCXXX, which she
signed. They reserve to themselves
the right to employ in such mea-
sures and form as they may judge
suitable the rights accorded to them
in this event by the treaty."

WHY HINDENBURG WANTED
The German press as quoted in a
dispatch to the Exchange Telegraph
Company from Copenhagen declares
that Field Marshal Von Hinden-
burg's surrender is demanded by the
Allies not only because he is alleged

MAY HOLD UP FOOD RELIEF.

Fiume Settlement Contrary to Wilson's
Wishes Brings Serious Possibility.

[BY A. P. NIGHT WIRE.]
WASHINGTON, Feb. 16.—Decided objection to recognition of a set-
tlement of the Adriatic question on lines repugnant to those agreed upon
in the Treaty of Versailles and not reconcilable with the principles embod-
ied in the fourteen points of President Wilson was expressed by the
United States in the recent note to the Allied governments.

The note was not a threat to with-
draw from participation in European
affairs, it was said officially at the
White House, but said that this
country could not be a party to the
disposition of Fiume as agreed upon
by the Allied powers without con-
sulting the United States and ac-
cordingly would not concern it-
self with the questions involved, in-
cluding the policing of the Adriatic,
if the settlement were enforced on
the government of Fiume.

LATER DISPATCHES

Record Snow Blockade
SYRACUSE (N. Y.) Feb. 16.—The
worst snow blockade in years
has paralyzed transportation facili-
ties in Central and Northern New
York. Scores of trains have been
stalled more than twenty-four
hours in snowdrifts, and hundreds
of passengers are being cared for
by village officials and farmers
along the blocked routes.

Watterson's Birthday
LOUISVILLE, Feb. 16.—The
Louisville Board of Trade, which
has prepared to "roll up its
sleeves and extend its hand" to
Henry Watterson on the occasion
of his eightieth birthday, today
received a message from the
widely known Kentucky news-
paperman, who is spending the win-
ter in Miami, Fla., saying that,
because of the wintry weather and
long trip, he would be unable to
be in Louisville for "the crowning
festival of my long life."

Armenians Massacred
WASHINGTON, Feb. 16.—Seven
thousand Armenians have been
massacred in Cilicia in a
new attack by Turkish and Kur-
dish troops, which still is in pro-
gress, according to dispatches re-
ceived by the Armenian National
Union, through official channels.
The report, signed by the acting
Armenian archbishop of Smyrna
and the president of the Armenian
Colonies of Greece, says the foe of
the Armenians number 50,000
men, who have advanced to
Babiche and threaten to spread
terror throughout the district.

U. S. Airmen Slain
LIMA (Peru) Sunday, Feb. 15.—
Walter Pack, pilot, and A. A. Al-
mechanian, both Americans, and
Octavio Espinosa, pilot, and Luis
Rovaretto, mechanic, both Per-
uvians, were killed yesterday
when a plane driven by Pack colli-
ded with one occupied by the
Peruvians. The American aviators
fell into the sea. Their bodies
were recovered. The Peruvian
plane crashed to the earth.

PRESIDENT'S HEALTH
IS "NOT SO GOOD,"
WASHINGTON HEARS

[EXCLUSIVE DISPATCH.]
WASHINGTON, Feb. 17 (Tuesday) 12:30 a.m.—

Reports were current here early this morning that Dr.
Felix Dercum, the President's Philadelphia nerve and
brain specialist, has been summoned to the White
House by telephone and that President Wilson's condi-
tion was not so good.

Immediately afterward it was learned that Dr.
Grayson, the President's personal physician, had left
his home hurriedly and gone to the White House, arriv-
ing there at 11:45 o'clock.

That Dr. Grayson did reach
the White House at that time
was confirmed by White House
attaches, who said that the doc-
tor had gone upstairs to see the
President. Later, however, it was
stated that Dr. Grayson had retired
and would not be disturbed.

No one in authority could be
found at the White House, but at-
taches in charge said that they had
heard nothing new regarding the
President's condition and that it was
not unusual for Dr. Grayson to
come in late, as he frequently spent
the night there.

The reports, however, served to
add to anxiety which several of the
President's friends had been feeling
for several days regarding his con-
dition, their fears being based on his
recent unusual activities after so
serious an illness.

The reports also served to increase
curiosity as to the purpose of a visit
to the White House late Monday
afternoon of Admiral Sitt, naval
medical director, and one of the
President's consulting physicians,
who said he did not see the Presi-
dent, but had merely conferred with
Mr. Tammany.

In some quarters it was thought
that Dr. Dercum, who saw the
President Saturday and reported his
condition good, had been called for
another examination of the dis-
tinguished patient to make sure that
it would be safe for the President to
attend a Cabinet meeting which he
contemplated doing this week, and
perhaps this afternoon. Tuesday is
regular Cabinet meeting day, but so
far as could be learned last night
no session had been called.

PHILADELPHIA, Feb. 16.—The
mind of President Wilson is perfect-
ly clear, Dr. Francis H. Dercum said
today.

Dr. Dercum has been treating the
President for the last five months
having been called in when Mr. Wil-
son had his first breakdown.

His statement, made today at his
office, followed a visit he made to
the White House, Saturday.

"Should I follow my inclination
and habit in not discussing Mr. Wil-
son's condition," said Dr. Dercum,
"it would be immediately concluded
that his condition was not satisfac-
tory."

"That is just the impression I do
not wish to create. The President's
mentality is keen."

LANE IS MADE
DOHENY CHIEF.

Ex-Secretary of Interior to be
Vice-President of Mexican
Petroleum.

Franklin K. Lane, whose
resignation as Secretary of the
Interior, becomes effective on
March 1, has been appointed
vice-president and a special
counselor to the president and
general manager of the Mexi-
can Petroleum Company,
whose founder and president is
E. L. Doheny of this city. This
was confirmed last night by
Mr. Doheny at the Hotel Al-
exandria, where he was at-
tending the bachelor's ball.

Mr. Doheny stated that Mr.
Lane's new duties will be taken
up on March 1, the day
his resignation as a member
of President Wilson's Cabinet
becomes effective. Secretary
Lane tendered his resignation
on February 7. It was gen-
erally known he had an offer
of an executive position with
a large corporation but the
identity of the corporation was
not learned until yester-
day.

"An agreement was made
between officials of the firm
and Mr. Lane last summer
that in the event of his resi-
gnation he should be offered
an executive position with the
Mexican Petroleum Company,"
said Mr. Doheny.

Winter bathing in the Mild Pacific.

SUMMER bathing scenes in February may seem out of place, but winter ocean bathing in Southern California

is a common occurrence.

One may snowball in the mountains and bathe in the Pacific Ocean and enjoy both on the same winter day.

Many people prefer to live the year round at some one of our many delightful, balmy seaside resorts.

Speaking of snowballing, mountain climbing, a run on the beach and a dip in the ocean, how they do give one an appetite! A bowl of piping hot vegetable soup, a choice cut of roast beef, a juicy steak, salad, dessert and a cup of good coffee, tea or cocoa all hit the spot.

Of course, you will dine at Boos Bros.—WHERE QUALITY NEVER VARIES, and the service is

The Automatic Keeps On Washing

While the busy housewife prepares the dinner or performs other necessary household tasks, the Automatic Electric Washer hums right along, washing every article of apparel spotlessly clean.

Once the clothes are put in the suds and the washer lid's clamped down, the Automatic needs no further attention.

In seven minutes the Automatic washes a tubful—without rubbing and without injury.

The Automatic is the most simple, dependable and economically priced washer made. Has the fewest possible number of operating parts; nothing to break; nothing to get out of order.

Your dealer will gladly demonstrate it.

MEXICO TABOOS YANK METHODS.

American Business Men Said to Be Too Brusque.

Thirteen-Hour Banquet Ends Trade Conference.

United States Fails to Hold Foreign Markets, View.

(REDACTED DISPATCH) MEXICO CITY, Feb. 14 (Delayed).—The first United States-Mexico trade conference closed its formal sessions today, following a banquet at Chapultepec last night and an extra session this morning. Most of the delegates will remain in Mexico for at least ten days more, studying conditions and forwarding their personal business connections. A great many of the delegates are selling agents for big export firms. They are making trips to other big cities, and excursions have been arranged to factories in the suburbs of this city.

American business men are regarded here as too brusque and inclined to overrate their efficiency. Few of them, apparently, understand Mexico or Latin-America. The view held also in Canada, that Americans are failing to develop and hold the foreign markets opened to them by the war is uppermost here.

THIRTEEN-HOUR BANQUET. The glories of the Mississippi Valley as a manufacturing center and the logical market for Mexican trade were painted for the Mexican business men at the banquet, which was described as "brilliant" by local reporters. It began at 1 o'clock in the afternoon and lasted until 2 o'clock the next morning, the cost being \$10 a plate. There was a variety of fruits, wines and native dishes. A military band and an orchestra alternated in musical programs. Members of the Diplomatic Corps and the government were present. Gen. Benjamin Hill, one of the Obregon leaders in the Presidential campaign, was there. Most of the Americans thought La Paloma was the Mexican national air, and rose when this began. "The Star Spangled Banner" was heard and all was harmony.

E. W. Huxley of New York, a rubber company man, said that commerce was often the forerunner of political policy. This conference, he said, may go further in influence than we imagine. He declared that the "moral risk" for business in Mexico today was better than such a risk in the United States. There are more men per 100 in Mexico who do business honestly than in the States. He had found this true in all Latin-America, and his house carries many open accounts, he said.

John H. Arnold of San Francisco put the Mexican and Canadian attitude toward the United States on the same footing. These countries wanted co-operation from the United States, he said. He spoke of international democracy, which

would rather help Mexico than go in and take possession.

WHAT THEY LIKE TO HEAR. John W. Thomas, banker and chairman of the delegation from the Chicago Association of Commerce, made a hit with his address, which dealt with the business man's viewpoint of the relations between the United States and Mexico. He told of the great manufacturing activities of the Mississippi Valley and said only 1400 firms out of 4400 membership in his association had awakened to foreign trade.

The great opportunity for the United States, he said, was in Mexico, not Europe. The logical outlet for Chicago products was the Gulf and the South Atlantic. The mileage by rail is identical with Atlantic ports and export rates have been fixed the same as a result of efforts of the association.

He said in 1920 there would be 2250 bottoms available in Gulf and South Atlantic trade paid for in Liberty Bonds. No country in the world possesses such resources as Mexico. Mr. Thomas told the delegates. He said Mexico had intrinsic values in money which, if mobilized and put into use, would make Mexico a nation of lenders instead of borrowers. He did not think Mexico needed special credit privileges, as this was always added to the selling price. "Colonize and develop," he said, "and make your money liquid and you will not have to take off your hats to any nation on earth."

Banking experts here declare business conditions are better than any time in the last six or seven years.

CHINESE CABINET SPLIT OVER SHANTUNG FIGHT

TWO MINISTERS RESIGN AFTER ADVOCATING NEGOTIATIONS WITH JAPANESE.

(BY A. P. NIGHT WIRE) WASHINGTON, Feb. 16.—Low Yen-Tsang, Chinese Minister of Foreign Affairs, and Chen Lee, Vice-Minister, have resigned, according to a dispatch to the State Department today from Peking. No particulars were given.

In Chinese circles here it was recalled that both Minister Loy and Vice-Minister Chen have been strongly advocating acceptance of the Japanese offer to begin negotiations for the reversion of the province of Shantung to China. Their retirement from the cabinet now was taken to mean the failure of that effort, for the present at least. Bankers of the United States, Great Britain, France and Japan, who are reported from Peking to be ready to make a loan of approximately \$20,000,000 to China, are included in those who will be in a consortium which is being planned to finance China on an extensive scale. This loan, however, is not a part of the consortium project, but a temporary advance to meet urgent needs of the Chinese government. Great Britain and France are unable to take immediately their parts of the consortium or the present temporary loan, it was explained today and, until they have stabilized conditions at home, the United States and Japan are to "carry" the banks of those countries.

While warehouse men said, with

MEAT EXPORTS ALMOST CEASE.

Packers Hard Hit by Foreign Trade Situation.

Wholesalers are Buying at a Substantial Reduction.

But the Consumer as Usual Gets no Benefit at All.

(BY A. P. NIGHT WIRE) CHICAGO, Feb. 14.—The export trade of the meat packers—the largest single industry in America—has practically ceased as a result of the foreign-trade situation, the Institute of American Meat Packers announced in a bulletin today.

During the last calendar year the exports of pork products alone exceeded 2,500,000,000 pounds. Beef exports ceased some time ago and during the past month pork exports have practically stopped, the bulletin says. In a resume of the meat situation abroad it adds that England has seven months' supply on hand.

Cutting off of the export trade is reflected in substantial reductions in the wholesale meat prices, but so far the reduction has not been noticeable in retail markets.

BIG REDUCTIONS. A year ago steers brought \$20 at the Chicago yards, while last Saturday the same grade sold for \$11.50 to \$12.50 per cwt. Dressed-beef prices ranged from \$9 to \$24 per hundred, last week, an average of \$11.56. A year ago the average price was \$20.91.

Board of Trade quotations on pork for February 10, 1919, were: Mess pork, \$12.85; lard, \$23.50, and short ribs, \$21.52.

Quotations February 9 this year were: Mess pork, \$12.75; lard, \$21.07, and short ribs, \$15.07. The tendency of prices at the yards for the two weeks has been downward and officials of the five big packers predicted today that further decreases in the dressed-beef and pork products list could be expected.

EMPTY SHIPS SAIL.

(BY A. P. NIGHT WIRE) NEW YORK, Feb. 16.—A material slump in exports has resulted from the foreign-exchange situation, with accompanying restrictions as to financing commercial bills of lading, according to statements made today by steamship men and marine insurance brokers. Steamships which previously were departing with full cargoes have been compelled to clear with empty space under their decks and additional contracts for cargo for outward-bound vessels have been canceled in a number of instances, the steamship men added.

Exchange conditions were not held entirely responsible for the slump and it was pointed out that many thousands of tons of cargo intended for export has been delayed by recent bad weather conditions. While warehouse men said, with

merchandise for export, the stocks on hand are mainly those passing through the United States from one country to another, and it was added that there still is space available. In several instances cancellation of cargo space has come from western manufacturing and packing concerns for goods yet unshipped.

COIN STILL CLINKS IN NEWBERRY TRIAL.

MANAGER OF FLINT BASEBALL TEAM OFFERED \$50 A WEEK; HE WANTED \$800.

(BY A. P. NIGHT WIRE) GRAND RAPIDS (Mich.) Feb. 14.—Political schism in Flint, Mich., were given a thorough airing in the Newberry election conspiracy trial today.

The government then switched its tactics and brought a Department of Justice investigator to the stand. Through him there was introduced in evidence statements made by three defendants prior to their appearance before the grand jury. They were in affidavit form, but Martin W. Littleton, of defense counsel, developed on cross-examination that none of the men had been sworn.

Thomas J. Halligan, manager of the Flint team of the Michigan-Ontario League, related what he told Fred Henry in that city about "how to run a campaign for Senator."

He said he refused to give the information "for nothing," but what he said he did tell him, received close attention from everyone in the courtroom.

"Henry wanted me to work for him at \$50 a week," said Halligan, "but I told him I wouldn't be any good to him for \$50 a week. Eight hundred or a thousand dollars will get you a lot of votes, but I wouldn't consider working for \$50 a week."

Halligan said Henry never gave him any money, but on cross-examination he said he worked for Newberry.

The cross-examination went into Halligan's purposes in asking for \$500 and he frankly explained that he intended to keep \$400 and "pass the rest along."

He denied he intended that it should be used for buying votes.

Pray Diem, foreman in a Flint automobile factory, told the jury Henry gave him a pasteboard box one-third full of Newberry buttons and asked him to pass them around. When he opened the box he found a \$10 bill in it.

LEGION ASKS \$50 FOR EACH MONTH SERVICE.

(BY A. P. NIGHT WIRE) WASHINGTON, Feb. 16.—The American Legion will proceed "actively and aggressively" with action to secure legislation for adjustment of war service compensation on the basis of \$50 for each month service, Franklin D'Olier, national commander of the Legion, announced today.

The national legislative committee was instructed to take up with members of Congress legislation already proposed for this purpose.

Such a bonus, it was estimated, would cost the government approximately \$1,900,000,000. The Legion already has gone on record as favoring compulsory military training.

Do You Know

That if You

Give \$5.00 to the NEAR EAST RELIEF

You provide food for one starving baby for a whole month?

Or that a \$50 gift supplies one warm meal a year for a grown person?

Here is What Your Money Buys When You Give to Near East Relief:

- \$5, food for an orphan for a month.
- \$10, food and clothing for one orphan for a month.
- \$15, entire care of orphan for a month.
- \$20, care of girl in a rescue home.
- \$25, bed and clothing for one refugee.
- \$50, one warm meal a day for one adult for a year.
- \$75, provides hospital bed for a year.
- \$100, provides pay roll for factory where 50 Armenian women are employed.
- \$180, cares for one orphan for one year.
- \$240, cares for one girl rescued from harem for one year.
- \$500, pays freight on 100 tons of flour to Armenia (350,000 tons needed.)
- \$1000, sends clothing for 5000 Armenians from this country.
- \$5000, equips orphanage for 100 children.

There Are No Pity in Your Shoulder

Can you spend less—less or more yourself—when you know it might be for a whole month's little, starving Armenia?

Christ said "In as ye do it unto the least of these little ones, ye do it unto me." You done for least of these babes across the sea?

Give and give to those pitiful, love-starved over there.

Send your donation to the Near East Relief Bldg., Fourth Hill streets.

Resources over \$137,000,000

TO THE PUBLIC:

THIS CITY is pledged to one hundred per cent Americanism and in line with these the undersigned, feel that the public should know that through the activities of non-resident agitators, demands have been made upon Cafe and Restaurant Proprietors of this city, which, if granted, will mark another radical increase in the cost of living.

It is felt also that the time has come to put an end to the vicious practice of raising wages to meet the cost of living caused by raising wages and the undersigned have therefore refused to comply with this unreasonable and radical demand. In taking this stand the support and indulgence of the public is requested during the period of readjustment.

Positions are open to experienced male and female Restaurant and Cafe help. Apply to any of the following:

BY THE CITY OF JACKSON, MISSISSIPPI.

OPEN TUNNEL CASE.

Supreme Court Acts on Much-needed
Second-street Improvement.

JACKSON, Miss., June 10.—(Special
to The Commercial Appeal.)—The
United States Supreme Court today
acted on the appeal from the
Mississippi Supreme Court in the
case of the City of Jackson vs. the
State of Mississippi, which was
brought here by the city of Jackson
to prevent the state from closing
the second street tunnel case.
The case was argued before the
supreme court last week, and the
court today rendered its decision.
The court held that the city of
Jackson was entitled to the use of
the second street tunnel, and that
the state was not entitled to close
it. The court also held that the
city of Jackson was entitled to the
use of the tunnel for the purpose of
improving the second street.
The decision was a victory for the
city of Jackson, and it is expected
that the state will now be forced
to improve the second street.
The case was one of the most
important cases that the supreme
court has heard in many years.
It was a case that had been
pending for many months, and it
was one that had attracted much
attention. The decision was a
major one, and it was one that
was expected to have a great
effect on the city of Jackson.
The case was one of the most

Re-decorating Rooms —with Light

WE moved into our new house this fall and I've had a wonderful time fixing it up. It was just like being a bride again. But I couldn't seem to make the living room right, although most of the things in it were new. I would spend half the day getting the room to look comfortable and inviting. Then, when my husband came home, he would light up and it would look like a rummage sale.

This went on for a week, until at last I went downtown and told my troubles to Mr. Bibber, the merchant from whom I had brought our furniture.

"You say it looks all right in the day time and all wrong at night," he said. "What kind of lighting fixtures have you?"

"Just one," I said, "a very striking chandelier."

"Probably too striking," he said. "We need to have just your trouble here in the store. We had handsome fixtures—graceful bowls hung from ornamental chains. And every one of them seemed to hit you right in the eye. I used to say that lots of customers didn't buy our goods because they were admiring our fixtures. But the real truth was that the light was glare and gloomy at the same time—glare on the ceiling and on the polished furniture, and gloom on the floor and in the corners."

"So we changed and put in these," And he pointed down the aisle. I looked and saw here and there handsome, softly lighted silk shades in various colors. I stepped beneath the nearest one and found myself looking directly up, without blinking, at a glowing disc of glass.

"This," said Mr. Bibber, "is a combination of direct and indirect light. The curved metal deflector throws most of the rays upward and floods the whole room with a mellow, diffused light, while through this glass disc other rays go directly downward, giving an added intensity beneath but filtered so that there is no glare. It can be used with a silk, crocheted or parchment shade in any color. Without the shade it makes a perfect light for the kitchen or bathroom. It is used in many offices and drafting rooms where a brilliant but well diffused light is needed, and it affords the first practical means of using in the home the Mazda C—the most powerful and efficient lamp ever invented."

I went straight from the store to the electrical dealer, and when I found that Duplexalites, including the beautiful shades, cost no more than ordinary lighting fixtures and that they could be put up in a few minutes, I ordered one on the spot. The electrician came right up and in less than half an hour the old chandelier was gone and Duplexalite was in its place.

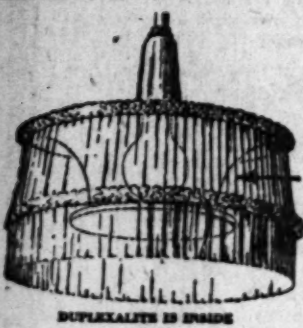

When my husband came home he went, as usual, to the living room and snuggled on the sofa. He took one look at the room and exclaimed, "Clever little woman. You've got it at last—how did you do it?"

I pointed to the light. "Why," he said, "I never noticed that."

"You're not supposed to," I said. "Not until you've taken in the rest of the room. A light isn't there to be looked at itself. It's there to make the other things in the room look more beautiful."

"Well," he said, "it certainly does make everything in the room look more beautiful—including you."

Which was only his foolish way of complimenting me when he thinks I have done well.

Baseball Magnates Expect a Banner Season.

LOOK FORWARD TO A BIG YEAR.

Baseball Magnates Expect Real Banner Season.

Restored Harmony Tempers Frazee to Sell Reds.

Clarence Rowland Hinted at as Prospective Buyer.

(EXCLUSIVE DISPATCH.)
NEW YORK, Feb. 16.—With peace established in the American League, major baseball magnates look forward to one of the most prosperous years of the game's history. Every move made since the belligerents got together shows a strong change of faith in baseball's future since a year ago, when promoters carried their policies of economy so far as to trim the schedules from 154 to 144 games. But nothing voices the sentiment more clearly than the decision of the joint meeting to eliminate "two-hit" baseball.

With peace restored and a higher tariff prevailing it is likely that both major circuits will not find baseball financial assistance lacking as at times in the past.

TURNUED 'EM DOWN.
When the fight was hot in the American League outside capital was very skeptical of baseball. It is admitted now that Johnson and the loyal five attempted unsuccessfully from a number of angles to gain control of the Boston Red Sox and thereby eliminate one of the big three revolutionists. Harry Frazee refused to be tempted by the most flattering offers. It is suspected that Matt Hinkel, of Cleveland, was acting for the loyalists when he made his advance to Frazee.

Now that the war is ended, however, Frazee declares he is ready to dispose of the Boston American League club for his price. It is not beyond the realm of possibilities that his price may be met. Clarence Rowland, former manager of the White Sox, who recently sold the Milwaukee club of the American Association to Joe O'Brien and three Milwaukee friends, is interested in the Boston proposition.

IN GOOD COMPANY.
Rowland formed a financial alliance with an oil magnate who lives in Chicago. Not only is this particular pillar of the oil world a rabid fan, but, better still, he was a minor league player with one of the Rowland teams some ten years ago. He is anxious for the notoriety and advertising a big league club might give him, so Frazee need not be surprised if Rowland and the oil man should hit Broadway any day now in quest of the Red Sox.

PLAY THIRD ROUND IN GOLF TOURNAMENT.

The results of the third round of the annual midwinter golf tournament being played at the Los Angeles Country Club are as follows:

F. H. Crawford defeated J. L. Stack, 1 up; G. H. Snyder defeated L. C. Schiller, 1 up; R. L. Burns defeated S. B. Wilson, 1 up; Norman Macbeth defeated H. L. Billson, 3 and 1; Phil Wiseman defeated E. K. Brown, 1 and 1; L. L. Elliott defeated W. S. Hunkins, 1 up; C. B. Gedney defeated Dr. Thomas McNah, 1 up; George C. Thomas, Jr., defeated Fred Elliott, default.

In the special foursome matches played on Sunday Dr. and Mrs. H. M. 106-10-75, Mr. and Mrs. Howard J. Schoder were second 105-24-81.

GIVE TENNIS RANKING FOR NEGRO PLAYERS.

(BY A. P. NIGHT WIRE.)
NEW YORK, Feb. 15.—The first national tennis ranking for negro players was announced today by the United States Lawn Tennis Association. The list was based on the results of leading tournaments.

The leading ten are:
Tally Holmes, Washington; Sylvester Smith, Washington; J. E. Wilkinson, Washington; Harold Freeman, Washington; Ralph Becking, Baltimore; Walter Ramsey, New York; Norbert Bain, New York; Mac Wiseman, Washington; Percy Richardson, New Rochelle; and Haltinger Kemp, Los Angeles.

TIGERS AND TROJANS TO PLAY ON FRIDAY.

Occidental and U.S.C. will tangle in another of those thrilling basketball clashes next Friday night on the L.A.C. courts. At the first meeting two weeks ago the Tigers triumphed by the close score of 18 to 15. The Trojans are banking on their ability to reverse the result this week.

Over the week-end U.S.C. journeyed to Riverside, and staged a double header last Friday. In the afternoon the Sherman Indians were bowled over by a 19-15 score, and at night the Trojans trampled on the Riverside "Y" five to the tune of 54 to 21.

VENICE HIGH IN RELAY.

The entry of Venice High School for the annual A.A.U. relay carnival at Patterson Field on February 23 was received yesterday by Manager Harold Dryden of Occidental College, he announced last night.

The Redlands University entries have also been received, according to Dryden. "Wild Bill" Yount is entered in the century, the 120-yard high hurdles, and a lap in the one-mile relay.

Kibby, the Baptist quarter-mile sprinter, is programmed for a lap in the half-mile relay.

LEAPED ELEVEN FEET.
Santa Paula, the home of pole vaulters and high jumpers—the burg that produced Munger of Pomona and Charley Richardson of U.S.C.

AUTO THIEVES PURLOIN FOUR.

Four motor cars were stolen from the streets of Los Angeles during the last twenty-four hours. Persons seeing any of these machines are requested to report same to E. W. Hickok or Rose of the Auto Club theft bureau or to police officials:
Oakland 1919 touring, green, 578220; Hudson 1920 speedster, blue, 270578; Cadillac 1916 touring, blue, delivery car, 2475; Studebaker 1919 touring, black, 249897.

SPEEDSTERS TO QUALIFY TODAY.

(Continued from First Page.)

participate eighteen of the fastest cars in America driven by the most experienced drivers in the world today.

As an advertising and publicity medium a race of this character cannot be underestimated. The promoters of this enterprise have expended on improvements alone an excess of \$500,000, and will award in prizes for the Saturday's race more than \$10,000.

I have been advised that special trains will bring hundreds of motor enthusiasts from Los Angeles to San Francisco, San Diego and intermediate points, and the visitors to our city on that date who will come in their own motors will number in the thousands.

It is customary to celebrate a holiday that falls on Sunday on the following Monday; but in this instance I believe that from a civic standpoint we should observe this one, as far as possible, on Saturday, and I therefore urge the business interests in Los Angeles to help make Saturday a grand day for the entertainment of these visitors, and to close their places of business on that date, affording their employees a full holiday.

MEREDITH P. SNYDER, Mayor.

GIVE OUT DATES OF THE GREAT WESTERN.

(BY A. P. NIGHT WIRE.)
CHICAGO, Feb. 16.—Dates for Great Western Circuit races were set today. The purses for the nine cities total \$132,000. Richard White of Milwaukee was elected president and W. H. Smollinger of Chicago, secretary-treasurer. The dates and purses follow:

La Harp, Ill., August 9-12, \$7000.
Bedalia, Mo., August 17-19, \$7500.
Davenport, Iowa, August 16-21, \$10,000.
Kankakee, Ill., August 17-20, \$8000.
Springfield, Ill., August 23-27, \$12,500.
Des Moines, Iowa, August 27-September 3, \$17,000.
Milwaukee, Wis., August 30-September 3, \$20,000.
East, September 4-11, \$22,000.
Omaha, September 12-17, \$17,000.

It was decided that each association should furnish \$7500 or more in prize money to qualify for membership. The American Trotting Association Congress will meet in Chicago tomorrow.

COURT RESTRAINS PRESIDENT FRAZEE.

(BY A. P. NIGHT WIRE.)
BOSTON, Feb. 16.—The Superior Court today issued a temporary injunction restraining President H. H. Frazee of the Boston American Baseball Club and Hugh J. Ward, an associate, from disposing of any their stock in the club or drawing dividends.

CARPENTIER SIGNED UP UNTIL NEXT YEAR.

(BY A. P. NIGHT WIRE.)
NEW YORK, Feb. 16.—Contention that it is impossible for William Fox to obtain Georges Carpentier's services at present in a series of world's heavyweight championship boxing contests with Jack Dempsey was made tonight by William A. Brady, who declared he represents Charles B. Cochran, the English fight promoter. Mr. Brady added that he has in his possession contracts signed by Mr. Cochran, Carpentier and M. Desamps, Carpentier's manager, giving the English promoter the rights to the French champion's services until February 15, 1921.

WOLVERINES WALLOPED.

MADISON (Wis.) Feb. 14.—The University of Wisconsin basketball team Saturday night defeated Michigan, 49 to 18.

VENICE HIGH IN RELAY.

and a host of other good ones—will be represented by one Bennett. He is credited with having leaped 11 feet in the pole vault, and cleared 5 ft. 10 in. in the high jump. He is likely to cause the college performers considerable worry in these two events.

Dryden reports that the various Southern California high schools are entering men in the high hurdles, 100-yard dash and in fact, all the open events on the programme. Because the meet has been postponed one week, Dryden announces that entries will close just one week later than heretofore scheduled.

What have you done to help Los Angeles raise \$400,000 for relief work in the Near East, where millions are starving to death today? Send your donation to Near East Relief headquarters, 517 Wright & Callender Bldg.—(Advertisement.)

SIGN UP CRACK ANZAC BOXER.

Low Edwards, Australia Champion, to Come to U. S.

Lightweight Contracts for Three Contests.

To Meet All Comers with Exception of Leonard.

(EXCLUSIVE DISPATCH.)
CHICAGO, Feb. 16.—One of the greatest lightweight boxers in the world—Low Edwards, champion of Australia, and also featherweight champion of Great Britain and holder of the Lord Londsdale belt, has been signed by the Cream City Athletic Club of Milwaukee, Wis., for a series of three matches in that city with the best lightweight available, barring Benny Leonard.

The arrangements were made for the tip after George Beillieu, manager of Edwards, had booked the champion for England via India along with several other boxers.

TAKE NOTICE.
In order to secure Edwards for his first appearance in America the Milwaukee club was obliged to offer a guaranteed purse that would even its managers sit up and take notice. The sum runs into five figures and Edwards showed his confidence when he said "get the best men in America for me."

It was agreed to leave Leonard out of the running for the present as there will be opportunities for bigger things in case Edwards should defeat the men he is to clash with in his first three matches.

BASEBALL NOTES.

Killefer, while he has not been apprised of Branch Rickey's intentions, says the impression prevails in St. Louis that Bunny Fabrique will be sent to Kansas City to take the place of McAuley.

Fabrique is much better shortstop than indicated by his Coast League record. He had the worst season of his career. Nobody seemed to play shortstop with the St. Louis club, and it took Bunny sometime to recover from that horrifying experience after being transferred to the Angels. The last two months he was going strong, and delivering as many timely hits as any man on the club.

McAuley, the new Los Angeles shortstop, is 26 years old. Some publicity was experienced in getting him out of the National League.

With Fabrique going to Kansas City, St. Louis really gets only Jack Fournier out of the deal. And Jack, if the figures are ever given out for publicity, will be found to have cost the Cardinals a bunch of money. In players and coin he probably stood the St. Louis club \$15,000.

Practically every owner in the Coast League has a good club lined up on paper, but several of them are not materializing very fast. It seems almost useless to begin doping out the prospects until more of the athletes come to terms in a good many cases there seems to be a deadlock, and some of the players may not report at all.

Red Oldham, turned over by Portland to Detroit for Cunningham, says Detroit has offered him a minor league salary. Cunningham, McCredie says, demands a major league salary for playing with Portland. The salary question seems to be all out of gear. Too deep for us.

Bill Goodman, free lance scout, puts in a strong boost for Beck Lanfranco, the Anaheim pitcher signed by Vernon.

Sammy Bohne is the latest Oakland player to go to Seattle. These two clubs get along as smoothly as if they had a "working agreement." That is in the winter. In the summer it is different.

Good reports are drifting in concerning the work of George Valentini, local semi-pro pitcher signed by the Angels. He is believed to have the makings.

Gordon Jones, Los Angeles amateur fencer, has been recommended to Killefer for a tryout.

Killefer says he intends to have Bamler do the bulk of the backstopping this summer. If Pete Lapan doesn't fill the bill as second baseman, he hopes to do so.

TIA JUANA RESULTS.

(EXCLUSIVE DISPATCH.)
SAN DIEGO, Feb. 16.—Jim Thorpe repeated his victory of Saturday and took the feature handicap today at Tia Juana at a mile and a sixteenth. The results were:
First race, five and one-half furlongs: Bonaparte, Quava second, Jaka August third. Time 1:00 4-5.
Second race, five and one-half furlongs: Tia Juana, Topsy Duane second, Kildie of Priests third. Time 1:00 4-5.
Third race, one mile: Summer Night, Bep. land Arms second, Mister Mark third. Time 1:43.
Fourth race, five and one-half furlongs: My Uncle Sam, My Uncle Sam second, My Uncle Sam third. Time 1:05 1-2.
Fifth race, one mile and one-eighth: Jim Thorpe, one mile and one-eighth. Time 1:48.
Sixth race, one mile: Thomson, Red, Dubs second, Redmaster third. Time 1:45 2-5.
Seventh race, five furlongs: Bonaparte, Cleo Kay second, Chronos third. Time 1:02 2-5.

OSDELL IS LAYING ON THE OLD PILL.

"Farmer" Van Osdel, outfielder of the Stahl and Dean club, has been hitting the pill for an average of 462 for the past ten games. Van Osdel is regarded as one of the best looking prospects for professional company that has been uncovered in the South for some time.

Thousands of little children are slowly starving to death in Armenia. Will you give to the Near East Relief campaign for their sake? Headquarters, 517 Wright & Callender Bldg.—(Advertisement.)

TROJANS ISSUE A SWEEPING DEFI.

The University of Southern California, through Graduate Manager Henry Bruce, has issued a broad deft to any college football team in the country for a game in Los Angeles next November 13.

The Trojans are shy a contest on that very attractive date, and though Bruce has labored hard and labored earnestly he has been unable to crown his labors with success by individual offers. Now he has lumped challenges, and proposes to spread them broadcast.

Bruce has had tentative engagements lined up with the Oregon Aggies, the University of Washington and Notre Dame, but each, for one reason or another, fell through when it came to the signing of the papers.

Pierce-Arrow trucks are still running after 8 years. All earned money for their owners whether the hauls were long or short, in the city or out of it.

Eventually you will measure the success of your truck by the length and regularity of its service and its low cost of maintenance and operation. When spread over years of service, the first cost becomes unimportant.

No. 22 is owned by George Wells of Seattle, who bought it for \$2,500 after it had covered 100,000 miles and given 5 years' profitable service to its previous owners. For over 3 years it has hauled logs over corduroy roads, through mountain forests and added over 50,000 miles to its record. With the aid of a trailer, it frequently hauls 3,000 feet of green fir logs. The original worm is intact and it apparently is good for many more years service.

PARKHURST SETS NEW AUTO MARKS.

(BY A. P. NIGHT WIRE.)

DAYTONA (Fla.), Feb. 15.—Certified world's motorcycle records were established here yesterday by L. E. Parkhurst for the one, two and five-mile and one kilometer distances. The mile event, made in 24.39a. or at a rate of 102.1 miles an hour, brought this record back from Australia, where it stood at 35a. flat. Parkhurst made the two miles in 1:11.85, the five-mile in 2:01.23 and the one kilometer in 21:44a.

KILLEFER BACK IN MERRY MOOD

(Continued from First Page.)

Brown and Solheim Bill Perkins will continue to draw princely stipends from the Angels for one more season, at least.

Second item consisted of the announcement that Catcher Grover Hartley will never be an Angel except on paper. Hartley is to be traded in a way to benefit the Angels.

HAS DEALS ON.

Third and largest item of importance is a statement to effect that Killefer has deals on which are expected to bring two more infielders, a brace of outfielders and a pitcher to the Los Angeles club.

As a reminder, it should be stated that while in the East Killefer traded Fournier and Fabrique to St. Louis for Lefty Thomas, a pitcher; Shortstop McAuley, First Baseman Briggs and Catcher Hartley. The first three will report to the club. In addition, he has started deals for five more men, and all this without disposing of Brown and Perkins, the former his headliner as a pitcher and the latter a great prospect. In short, Killefer made one of the most profitable pilgrimages ever taken by a western manager. With one hurricane round trip he may be said to have completely rehabilitated the Angels—taking what a fortnight ago was a rickety skeleton of a team and making it jolly plump and plethoric.

DEL HOWARD IS TO MANAGE OAKS AGAIN.

(BY A. P. NIGHT WIRE.)

OAKLAND, Feb. 15.—Manager Del Howard of the Oakland club of the Pacific Coast League will not report today, as scheduled, to make preparations for spring training, but will report next Monday instead, the delay being caused by the sale of his ranch at Los Gatos, according to an announcement by H. McFarlin, secretary of the club. Howard's disposal of his 350-acre tract indicates that he has given up his announced intention of retiring from baseball this season, according to McFarlin.

Oklahoma Wins Past Game.

(BY A. P. NIGHT WIRE.)

ST. LOUIS (Mo.), Feb. 15.—Oklahoma University defeated Washington University, 26 to 23, in a fast basketball game here last Saturday.

RED SATISFIED.

Red himself seems satisfied with the results. His chief satisfaction is located in the fact that he secured McAuley.

"What I want after chiefly was a good shortstop," said Killefer. "I not only landed a good one, but I think the best minor league shortstop in America. I have known him four years and have wanted him for a long time but he had to be landed him. McAuley hit .378 with Kansas City last season, and is on the up grade. As a fielder, baseball men ranked him as the peer of Crane, whom Cincinnati secured from Indianapolis. He also is an aggressive player."

ARE GOOD ONES.

"Hartley is really a major league catcher. A club in this league hardly would be justified in carrying two catchers of the caliber of Bascher and Hartley, and I had a chance to use him in a deal which will give us men needed badly. The five men to come cannot be obtained until the majors have finished their spring training. But these are good ones, and with those already secured will put the Angels right in the contending class."

TO MEET POWERS.

Killefer says that while the draft was not restored, harmony prevailed between the majors and minors. A factor in the week he will meet President Powers, who is now at Palm Springs, and make an official accounting of his actions. The latter, however, is believed to approve of every move which he made on the baseball chessboard.

Red is more radiant in spirit than when he left, but less so in appearance. His once ruddy hair is marked by a white fringe around the edges where he was frostbitten behind the ears. Red says there never again will he poke his head out of the thermal belt.

IN FOR LANDLORDS.

Baseball is in a fair way to beat the justly-despised landlords. All of us without a few flats of our own to rent have it in for the landlords. Those with flats don't feel the same way about it.

And baseball men are in the former class. A man with a dependent baseball team on his hands can't as a rule, afford to have any flats. Barracks for the players may be the answer of the baseball people to the landlords and hotel barons sprinkled about the circuit. In fact, steps to circumvent them, or words to that effect, have been formulated down in Wichita Falls, Tex. The team of W. F. T. owned by a galaxy of bright young business men under whose hats a new idea is said to be born in every emergency. This idea gives them an average of one idea per emergency. The present emergency with the Wichita Falls owners is the housing problem. Apparently they don't figure to take in enough down there to at once feed and bed down the players in the usual way.

SLEEP IN STAND.

So they are incorporating in the new grand stand there a flock of bedrooms. The visiting players can sleep in these, and the home talent also if it desires. These bedrooms or barracks are situated under the grand stand and the weary athlete when he has retired can peer through the skylight and get an excellent view of the four-bit seats in the moonlight.

The rooms are equipped with baths and about everything else that goes to make a safe, sane and sanitary habitation. They are connected with the clubhouse where the athletes put on his work clothes and removes them before and after every game. Thus the player on awakening finds himself only about two jumps from his place of business.

THEY PREFER IT.

The athletes have offered no objection to living under the grand stand. They say they prefer it to some of the crummy hotels which they have been compelled to occupy at times during their careers.

Other leagues may adopt this table d'hôte sleeping arrangement with the result that every grand stand will have a collection of co-operative bed chambers nestling under its wing. These will be for the regulars.

BLUES OVERCOME THE REDS IN POLO GAME.

(BY A. P. NIGHT WIRE.)

SANTA BARBARA, Feb. 15.—In a game featured with fast riding the Santa Barbara Blues today defeated the Santa Barbara Reds at polo by score of 3 to 1-4. Lafayette Hughes substituting for Col. George Nutting starred for the Blues. Dr. E. J. Boeske played an exceptionally good game for the Blues. Tomorrow the Santa Barbara regulars take on the Seventh Cavalry in the first event for the C. K. G. Billings trophy. This particular contest will make the sixtieth game in which the cavalrymen have participated. They have been undefeated to date. The Santa Barbara team will include the same players that defeated all comers during the Meadowbrook tournament at Long Island last summer.

CHALLENGE FOR 3-CUSHION TITLE.

(BY A. P. NIGHT WIRE.)

CHICAGO, Feb. 15.—Angie Kleckhefer tonight issued a challenge to play Robert L. Cannex for the three-cushion billiard championship, and posted \$1000 as a side bet.

Kleckhefer, who formerly held the title, proposed a six-night match of 300 points, three nights in Chicago and three in New York, with the net receipts to go to the American Legion.

The challenger asserted he was discriminated against in connection with a recent tournament at Cleveland, won by Cannex.

SUMMER RACING TO OPEN AT AUTEUIL.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Feb. 15.—The summer racing season opened today at the beautiful Auteuil track.

This year's budget of prize money exceeds by nearly 1,500,000 francs any sum hitherto voted for the purpose.

Some important new races have been placed on the programme. The two important Metropolitan tracks with Chantilly and Le Tremblay, which were not available last year, will

once more be in use and there is a possibility of a new track being opened at St. Denis.

William K. Vanderbilt and A. K. Macomber are the most prominent American starters. King Alfonso of Spain will race under the colors of the Duke of Toledo. Frank (77) of the American jockey, will ride Mr. Vanderbilt's horses as in the past.

Can't you spare \$10 when, by giving it, you will provide food and clothing for one starving little orphan in Armenia for a month? Send your donation today to Near East Relief headquarters, 517 Wright & Callender Bldg.—[Advertisement.]

FREE

THIS WEEK ONLY
At the Stores Named Below
A 10-Day Tube of Pepsodent

Make This Free Test

For the Sake of Whiter, Safer Teeth

All Statements Approved by High Dental Authorities

The dealers named below have been supplied with 10-Day Tubes of Pepsodent. This week a tube will be handed free to anyone who asks. Simply present the coupon. The purpose is to urge a test of this film-removing tooth paste, which leading dentists nowadays advise. Prove the results for your own sake and your children's sake. Learn what they mean to your teeth.

See How Your Teeth Look When the Film is Gone

It is Film
that causes men's teeth to discolor, and that holds tobacco stains.

There is on your teeth a slimy film. You can feel it with your tongue. It clings to the teeth, gets between the teeth and stays.

The tooth brush doesn't end it. The ordinary dentifrice does not dissolve it. So it clings and, night and day, it may do ceaseless damage.

The results are seen everywhere in cleaner, whiter teeth. Some of your own friends have them.

For home use, this method is embodied in a dentifrice called Pepsodent. And this week you can test it at our cost.

The Tooth Wrecker

That film is the great tooth wrecker. Most tooth troubles are now traced to it.

The film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

That is why well-brushed teeth so often discolor and decay, why tartar forms and pyorrhea starts. You leave much of that film.

Tooth troubles are constantly increasing, as statistics show, despite the wide use of the tooth brush. And the reason lies in that film.

Now We Combat It

Dental science, after years of searching, has now found a way to combat film. Able authorities have proved it by convincing clinical and laboratory tests. Thousands of dentists have proved it, and at least a million people.

Based on Pepsin

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin long seemed impossible. It must be activated, and the usual method is an acid harmful to the teeth. But dental science has discovered a harmless activating method. And that method, used in Pepsodent, enables all to daily use this efficient film combatant.

Watch the Results

We urge you to present the coupon. Get the 10-Day Tube and use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—how they glisten—as the fixed film disappears.

Compare the results with your old methods. Then let your own teeth decide the method best for you and yours.

This is of lifetime importance. Don't neglect it. Cut out this coupon so you won't forget.

Pepsodent

ALL CAFES OPEN SHOPS.

Waiters Strike and Owners Cancel Offer of Compromise; New Forces Hired.

The waiters' strike, which was expected to leave the large cafes and hotels without service for their guests yesterday morning, weakened last night when many of the leading places recruited new forces and announced that every compromise offer made before the walkout had been withdrawn. Waiters who wish to return to work will do so at the old scale of pay, said the cafe men.

Following a conference in the afternoon, the cafe operators announced that they had withdrawn their offer of a 25 per cent. increase in pay and would operate all the restaurants on an open-shop basis. All employees who wish to go back to work may do so on the old basis of \$60 a month, board and tips.

Excellent positions are open for new waiters, said the cafe men yesterday. In the high-class places in the city the tips amount to from \$5 to \$15 a day. One of the best known waiters in town has been receiving \$15 a day in tips. He walked out yesterday.

Sixteen cafes and hotels have signed a statement that they will not make any move to increase the cost of living. As the waiters' demand would swell the pay rolls in some places as much as \$1000 a month, and as tips from the patrons would not be lessened, it was definitely decided to refuse any rise in pay.

DINERS ENJOY IT
The diners at many downtown cafes enjoyed the novelty of a shortage in waiters. At the Victor Hugo and the Roma cafes, a number of motion-picture stars carried their own trays and went into the kitchen to serve themselves. All seemed to enjoy it hugely. Members of the owners' families at both these places assisted in serving the guests and large crowds—between 200 and 300 people—were served at each cafe. Cashiers, stenographers and members of the family were pressed into service at the Marcell and all the diners were served with unusual speed.

At the Alexandria, no attempt was made to open the grill. A table d'hôte luncheon was served and John J. Herman and Dave Boice, the assistant manager, acted as head waiters. The guests were in the situation good-naturedly. The few diners who could not be accommodated were sent to other cafes and hotels. A partial force had been recruited by the management and when the dining-room will be held in the morning, the guests were served.

A New Yorker who has been staying at the Alexandria for several days told Mr. Herman that the service was better than it had been under the old system.

In the evening the bachelor ball for the new waiters was held at the Marcell. The management announced yesterday.

HELP IS ASKED.
The Merchants' and Manufacturers' Association yesterday issued the following statement:

"In connection with the strike of the waiters, who have left their employment in the principal hotels and cafes, the Merchants' and Manufacturers' Association issues an urgent appeal to men and women to come to the rescue of the places affected by the strike.

"This city at the present time has within its borders a larger number of tourists than ever before in its history, and it is due to them that every means be taken to make them as comfortable and to make their stay as pleasant as possible. It seems that the waiters have taken this opportunity to harass not only the hotels and the principal restaurants, but also the guests, and we have a duty to our visitors that must be recognized, and any discomfort should be avoided as far as possible.

"For this reason we believe that the great many men and women now out of employment may render a great service to the community and to our tourists.

"No time should be lost in applying for positions, and the self-sacrificing and patriotic sense of duty of those who have been asked to do this will be appreciated by the entire community."

J. J. Zechendanker, secretary of the M. & M., suggested yesterday that the coffers of the various drives now in progress here could be easily filled by the waiters' acceptance of positions in downtown cafes and hotels and contribute their salaries and tips.

NEIGHBORHOOD'S TOO HEALTHFUL.

Undertakers Sued for Back Rent and Evicted by Order of Court.

The neighborhood near 1142 South Los Angeles street is healthful, it appeared when Deputy Sheriff Patton received orders to restore property there to the owner, Rachel A. Hill, who had obtained a judgment of \$405.94 for back rent from Ernest H. Russell & Co., undertakers, who are her tenants. The officer found nobody at the place, but left notice for the company to move by Wednesday.

ORDINANCES PASSED.

City Council Acts on Sewer and Street Paving Proposals.

Ordinances were passed by the City Council yesterday for the sewer by private contract of Hobart hamilton, between Broadway and a point 701.96 feet south, and for establishing the grade of Ewing street, between Alameda and Alameda streets. Council approved the assessment district map for the improvement of Alameda avenue, between Temple and Second streets. The City Engineer was instructed to specify the use of cement pipes in preparing the ordinances of intention for the sewer of Eagle Rock avenue, between Avenue 62 and the northerly city boundary; Dale street, between Main street and Alameda avenue; Maina place, between Western and Oxford avenues, and the Bellevue avenue and Robinson street sewer district. A petition for the sewer of Hollenbeck avenue, from Fickett street to Boyle avenue, was referred to the City Engineer, as was also a petition for the improvement of Chace street, between Reseda avenue and its westerly terminus.

CONSUMERS ORGANIZE.

League Elects Officers, Asks Aid in Fight on High Prices.

The Consumers' League of Southern California completed its permanent organization yesterday and elected the following officers: Henry E. Carr, president; Mrs. E. C. Davis, vice-president; Dr. Ralph L. Bryne, second vice-president, and Mrs. Catherine A. James, secretary. The league is intended to afford consumers an efficient avenue through which they can unite in opposing profiteering and speculation in the necessities of life.

The league has adopted a two-fold program: First, to work with the Legislature in securing necessary laws to curb over-inflating prices of foodstuffs and to prohibit profiteering; second, to work for the establishment of a self-sustaining system of State markets. The league hopes to place the State markets measure on the ballot at the next general election through an initiative petition.

Persons desiring to assist in the fight on high prices are invited to send their names and addresses to the temporary headquarters of the league at 617 Vine street, Hollywood 2128.

Communications sent to the secretary will be immediately acknowledged.

TO SETTLE OWNERSHIP.

Case Involving Indianapolis Death Car Is Taken Under Submission.

A suit for \$5000, the asserted value of the Duesenberg car in which Robert Bandini was riding in the Indianapolis races when he was killed, was taken under submission by Judge Sherris yesterday. The action was brought by the Los Angeles Trust and Savings Bank, executors of the Bandini estate, against Roscoe Series, racing driver.

Apparently some time before the Indianapolis race, Mr. Bandini gave Mr. Series a bill of sale to the car, the ostensible reason being to protect himself against certain judgments. After Mr. Bandini's death, Mr. Series had the car repaired and shipped it to Los Angeles, where it was sold and the proceeds, about \$5000, put in trust until it was determined by the courts who was entitled to the money.

ST. AGNES SODALITY WILL GIVE CONCERT.

In aid of a fund to buy vestments for the Young Ladies' Sodality of St. Agnes Church will give an entertainment in Ebell Club House on Tuesday.

NEW OUTLET SOUGHT.

Petition for Opening of Fifth Street Presented to Council.

When the Fifth-street Improvement Association yesterday presented to the City Council its petition for the opening and extension of Fifth street from Grand avenue to Sixth street, at the point where Boylston street and Beaudry avenue converge, the statement was made that more than 80 per cent. of the property owners within the proposed assessment district had signed the petition.

It was urged that immediate proceedings for this improvement be started, as it would give an important outlet from the congested district.

The plan would require the raising of a portion of the portion of the city-owned buildings on Normal Hill. The Council raised the question whether, under the 1911 street-improvement act, which it is proposed to use in the proceedings, the city could collect any damages. The question was referred to the City Attorney.

FOR NEW TRAFFIC ARTERY.

Mayor Snyder announced yesterday that he has under consideration the advisability of asking the City Engineer to make a survey and report on the feasibility of opening and extending Orange street from Figueroa street to Hill street, at a width of eighty feet, and widening the street to eighty feet from Figueroa street to Westlake Park.

"I am thoroughly in favor of the proposed opening of West Fifth street from Grand avenue westerly to a connection with Sixth street, at the intersection of Beaudry avenue and Boylston street," said the Mayor, "and I believe that this will have a marked effect in reducing congestion of vehicles; but I believe the extension of Orange street from Figueroa to Hill would prove one of the biggest steps towards relief that has yet been discussed, and that it could be brought about without great difficulties.

"A preliminary inspection shows that there are only two buildings of importance that would have to be demolished to provide for this extension. They are the Meyberg Building on Grand avenue and the Rose Building on Hill street. An eighty-foot thoroughfare, practically midway between Sixth and Seventh streets, would provide a great artery for automobile travel. Automobiles could avoid a street with electric car traffic on it as far westerly as Westlake Park, and, in time, the plan of bridging the park with a causeway of fine architectural design, could be taken up to connect Orange street directly with Wilshire boulevard, thus giving a fine avenue of approach to and egress from the business district. I am deeply impressed with the advisability of the adoption of this plan, and may ask the City Engineer's office for a detailed report on it."

POINT SCORED BY BORAX KING.

Court Rejects Idea of Two Miss Livingstons.

Defense Also Hit, "Mystery Man" Thrown Aside.

Argument in Holy-Fought Divorce is Started.

Argument was begun in Judge Woods' court yesterday afternoon by Attorney Manson, chief counsel for Mrs. Selma Livingston Thorkildsen who is suing Thomas Thorkildsen, wealthy borax mining man, for divorce. The sensational case started last latter part of January and there has been a succession of startling charges and counter charges. Mr. Manson will be followed by Bradner W. Lee, his associate. Michael Shannon will open for Mr. Thorkildsen, to be followed by Bradner W. Lee, Jr., for Mrs. Thorkildsen.

The court decided one point in the case yesterday. He held that Miss Livingston, now Mrs. Thorkildsen, was operated upon by Dr. Albert E. Hainstead, in St. Luke's Hospital, Chicago, June 18, 1913, and that she was the only Miss Livingston who was operated upon at that time. He also disposed of the mystery man, who, Mr. Manson said in his argument, had been introduced by the defense, by saying this man had nothing to do with the case in its aspect before the court.

This mystery man, it was sought to show, said Miss Livingston's hospital bills after the operation, called to see her in the hospital and took her flowers.

Dr. Neil M. Gunn, interne at St. Luke's, who was present when Miss Livingston was operated on, was brought from that city to give evidence, arriving Sunday night. He was shown hospital cards upon which he had written the treatment for Miss Livingston prior to her operation. He said she had arrived at the hospital June 18, 1913, and was operated upon two days later.

The defense declared it was important this discrepancy in the dates should be cleared up, as the attorneys for Mrs. Thorkildsen would be inclined to argue that two women of the same name, had been operated on, one for appendicitis, as Mrs. Thorkildsen claims, and one in a more serious way which precluded her becoming a mother. Dr. Gunn identified Mrs. Thorkildsen as the Miss Livingston he had attended in the operating room at St. Luke's Hospital.

Frank C. Egan, who gave his profession as teacher of drama and music, testified that he met Miss Livingston at her home, a party of guests being present, and said one of the reasons why the party went to the home of Mr. Thorkildsen was because she ran out of Scotch whisky.

Kennedy Lee led to the court the bill of costs covering the case upon which will be based the amount of fees the battery of attorneys for Mrs. Thorkildsen will ask. These fees, it is said, aggregate \$25,000.

CLEVELAND TRADE DELEGATION COMING.

FIFTY-ONE BUSINESS MEN TO BE THE GUESTS OF FIRMS HERE.

Fifty-one leading business men of Cleveland, O., who left home February 7, for a five weeks' tour of the Far West, will be guests Friday of manufacturers and wholesale merchants and the Chamber of Commerce of Los Angeles. The special train bearing the visitors will arrive from Phoenix at the Santa Fe depot, at 3:30 a.m. Friday.

The party will be in Los Angeles until Sunday night, when the visitors will go to San Diego, thence north to San Francisco, before returning home via the northern route. Twenty-two cities will be visited by the party. Many of the visitors are accompanied by their wives.

TO "DRY" ARIZONA.

Prohibition Chief Steps Off; Hits Traffic in Beef, Wine and Iron.

William A. Kelly of San Francisco, supervising prohibition agent for California, Arizona, Nevada, Oregon and Washington, stopped off here yesterday between trains, en route to Phoenix, where he will at once organize his force for the enforcement of the prohibition law in long-dry Arizona.

Mr. Kelly stated that there has been much delay in organizing the forces in a number of States, but that in the very near future the prohibition machinery will begin to function.

John L. Considine, prohibition director for Southern California, stated yesterday that certain drug stores are selling beef, wine and iron to men known to be liquor addicts, and who drink the stuff in the store, where they make the purchase. Drugstore found engaging in such sales, when they know the commodity is purchased for beverage purposes, will lose their licenses, Mr. Considine stated. He also stated that hair tonics rank high as substitutes for whisky, and their consumption for beverage purposes is alarming.

RETREAT FOR MEN.

Opens Wednesday Evening and Closes at Sunday Mass.

A retreat for men will be held by the St. Vincent de Paul Society, beginning Ash Wednesday at 7:45 p.m., and ending with mass to be celebrated at 1:15 a.m., Sunday by Bishop Cantwell. The St. Vincent de Paul Society, numbering 1600 Catholic laymen, assisted 30,394 needy families and 116,161 needy individuals in 1934. A total of 260,015 visits were made to the homes of the poor. The society was established in 1832, with branches in various countries, to teach and practice the principles of the lay organization founded in 1825 by St. Vincent de Paul, apostle of organized charity.

JUST RUN YOUR HOVER

IT BEATS... AS IT SWEEPS AS IT CLEANS

Spring house-cleaning time is here again. For the housewife who has never learned the secret of the "all three" action of THE HOOVER Electric Suction Cleaner. In THE HOOVER home, house-cleaning happens every time this wonder worker gets into action. No part of carpet, rug, drapery or hidden corner is overlooked. No buried dirt or grit escapes the three HOOVER cleaners. And it is the ONLY cleaner with these three essentials. The secret is the fast-revolving, electrically-driven brush, sweeping and beating loose every particle of dirt or lint, ready for the suction to carry it into the dust-proof bag. Every motion of the "backyard beating" is duplicated without the drudgery, the dust, the wear and tear and the backaches.

See the Hoover Work in Your Own Home

Remember, a demonstration places you under no obligation. We will gladly prove the "all three" HOOVER feature—you will be surprised at the renewed life and color in your rug. Phone or call today.

Will YOU Profit by the Experience of the American Surety Company?

THE American Surety Company uses Dictaphones in many of its agencies. In New York, Mr. J. B. McGinn, Manager, Claim Department, says: "In this department we use 15 machines. The volume of our business has increased enormously in the past two years, but, due to the efficiency of the Dictaphone, we have not had to augment our stenographic force."

Are you ready to learn how The Dictaphone accomplishes these results?

THE DICTAPHONE

"The Shortest Route to the Mail-Chat"

The American Rolling Mill Company, Middletown, Ohio, says: "We have 68 Dictaphones in use. The Dictaphone system has proved itself in our work to be greatly efficient, a time saver as well as a saver of expense."

American Railway Express, New York, N. Y. Palmer, General Purchasing Agent, says: "On a month's test, covering 16 operators with an average output of 1,591 letters per day, we found the cost for transcribing a letter under 35c per letter."

Phone or write for convincing demonstration in your office, on your work.
